

BACKYARD FOOD FORESTS

*Learn how to create a beautiful and
productive Garden using
Permaculture Principles*

Larry Saltzman specializes in Mediterranean Food Forests. He and his wife Linda have a 20 year old Food Forest in Santa Barbara. He has spoken and written extensively on Food Forests, and is President of the Channel Islands chapter of the California Rare Fruit Growers. He co-founded the Santa Barbara Organic Garden Club and is past President of the Permaculture Guild of Santa Barbara.

Larry will be joined for part of the day by **Fred Hunter**, a CA licensed landscape contractor and permaculture designer. He creates Mediterranean-style gardens through his business Dreamscape Santa Barbara, and is also the landscape consultant for a 90-acre development in Costa Rica. Fred has guided us through our rainwater harvesting projects.
